be a part of driving growth at Webcom

Exciting and dynamic changes are taking place at Webcom with an unprecedented $27 million investment in digital inkjet presses, new bindery lines and workflow technology.

Enthused about moving to the future of book manufacturing?

We are looking for a Director, Production Operations

About Webcom Inc.

Webcom is a forward-thinking book printer offering innovative programs to address the needs of book publishers in North America. Our programs are integrated through advanced workflow technology and automation of leading-edge inkjet web presses, conventional offset presses and the latest bindery systems.

Webcom is looking for visionary employees who thrive in a stimulating fast paced environment with growth potential. We are an equal opportunity employer and we provide a competitive compensation and benefits package.

This position is ideal for someone with 10 years of manager/executive level experience in production management overseeing 100+ employees. This position reports directly to the Vice President of Operations and manages all production operations including; PrePress, Digital, Pressroom, Coatings, Bindery, Logistics, & Maintenance. This position will ensure the quality delivery of products and services for these areas in a timely and cost efficient manner.

Required Skills & Experience:

- Degree in Engineering, Graphic Communications Management, or related field of study
- 10-15 years related print manufacturing, plant management, and P&L management experience
- Depth of knowledge and skill in the print industry including Digital Print, Web Offset, and Bindery
- Strong background in managing Profit and Loss (P&L) statements, forecasting, preparing an annual budgets, scheduling expenditures, analyzing variances, and initiating corrective actions
- General exposure to PrePress including, forms design, data processing and programming
- Knowledgeable of, and ability to interpret and apply all organizational policies, government regulations and legislation relative to Quality, Health and Safety and Human Resources
- Strong managerial and leadership skills, ability to formulate teamwork environments and drive continuous process improvements
- Ability to implement change to improve operations

Please submit your cover letter and resume to human.resources@webcomlink.com noting the job title. Only those selected for interview consideration will be contacted.
